

LEGAL GEEK GROWTH 2025

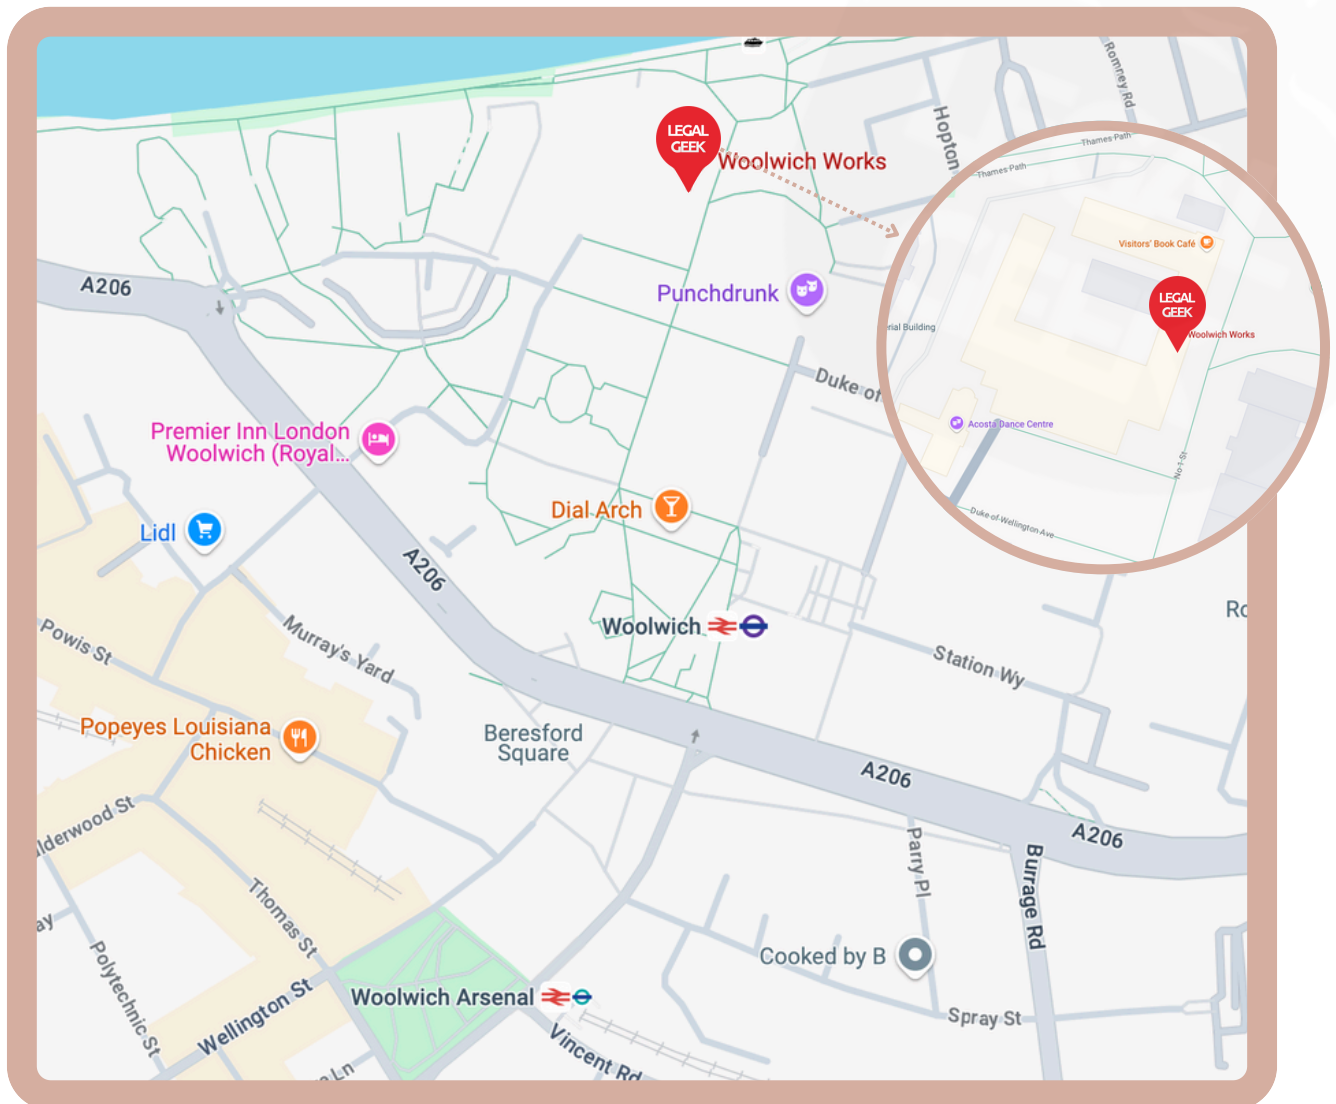

ACCESSIBILITY GUIDE

THANK YOU FOR ATTENDING!

We're super excited to have you at our event! This guide provides all the info you need to make the most out of our conference.

GETTING TO THE VENUE

ADDRESS

Woolwich Works

The Fireworks Factory
11 No 1 St
Royal Arsenal
London
SE18 6HD

If you're not sure where to go, email hello@legalgeek.co

PUBLIC TRANSPORT

You can find full information on how to get to Woolwich Works, including by bus and bike, on their [How To Get Here page](#).

The closest station to Woolwich Works is the [Elizabeth line Woolwich Station](#), which is approximately a [three-minute walk](#) from our front doors and has a lift, escalator and stairs from platform to street.

The [DLR and National Rail Woolwich Arsenal Station](#) is approximately a [seven-minute walk](#) away on Woolwich New Road. The station has lifts, escalators and stairs from platform to street.

The Uber Boat by Thames Clippers RB1 service stops at the [Woolwich \(Royal Arsenal\) pier](#) just outside Woolwich Works, less than [two minutes from our front doors](#).

For more info on accessibility from transport providers, visit the links below:

- [TfL Accessibility Info](#)
- [TfL Accessibility maps and guides](#)
- [Thames Clipper accessibility info](#)

PARKING

There's no on-site parking at Woolwich Works, so we encourage all visitors to make use of public transport.

If you require parking due to accessibility, the Heritage Centre Car Park is a pay-and-display car park five minutes away from our front doors. Drop-offs can also be made outside the pedestrianised zone on Duke of Wellington Avenue or in the Heritage Centre Car Park, both are a five minute walk away.

For Blue Badge holders, the Heritage Centre Car Park is still pay-and-display, but badge-holders can park on any double lines within the Royal Arsenal around Woolwich Works for three hours, including New Warren Lane (SE18 6NF) and Duke of Wellington Avenue (SE18 6SS).

Please ensure your vehicle does not cause an obstruction or block any crossroads, and your Blue Badge is clearly displayed, with the time clock showing the arrival time

GENERAL INFO

When first arriving at the venue, please feel free to find a member of Legal Geek staff (in red) who will be happy to support you further.

There are three archway doors at the main entrance. There is an automatic door at the main entrance that leads to the main space.

There's level access throughout the building, including through to floor-level seats in the Fireworks Factory and into the Café. Our outdoor courtyard also has level access, but does have a stone chip surface covering the centre of the space. These should be navigable in a wheelchair, it's just worth noting, as we appreciate everyone has different needs.

There are three lifts in the building to allow access to the spaces on the first floor.

The venue team are here to support people with access needs wherever possible, and they have worked with Attitude is Everything to ensure that Woolwich Works is an accessible venue.

The venue is also dementia-inclusive and has worked with Live Well Greenwich to train staff on being dementia friendly.

There are signs to show you where you can go in the building and how to get around the event - some of these will be hung from the ceiling, and some will be on the wall. Signs on the wall are also braille and tactile wayfinding systems.

ACCESS SYSTEMS

There are hearing assistance systems in the main stage, but not in the workshop rooms or Law Society stage.

There are braille and tactile wayfinding systems throughout the building.

TOILETS

There are a number of accessible toilets throughout the building - on the ground floor, these are off the foyer by the main entrance doors and also by the café.

Gender-neutral toilets are available on the ground floor by the café.

SEATS

In the main stage, seats are usually laid out as a mix of cabaret-style tables on the flat floor, and raked seating banks. Cabaret tables are circular and seat four with loose chairs, and are closest to the stage at floor-level.

Seating banks are further back and raked, so they offer great views of the stage. The seating banks are made up of padded leather bench seats, with ledge tables and lamps giving a welcoming atmosphere to the large space.

The workshop rooms are cabaret-style with rectangular tables.

If you require specific seating to best suit your needs or would like to discuss more ahead of the event day contact hello@legalgeek.co

SEAT MEASUREMENTS

There are details on the sizes of the event chairs and seating on [Woolwich Work's website](#).

Our mainstage is taking place in the 'Fireworks Factory' and we are using the Loose chairs.

SLIDES

The event slides are available on the event app (when possible, some speakers were unable to share these pre-event) in a digital version.

QUIET SPACE

Events are noisy and busy by their very nature, and we want to provide space for everyone to be somewhere quiet. The quiet room is suitable for guests with neurodiversity, cognitive impairment, and sensory processing issues, such as autism, ADHD, dementia, or other neurological conditions.

ASSISTANCE DOGS

All guide and assistance dogs are welcome in all of our spaces. If you'd like to bring your guide dog to the event, please let us know and we can provide a staff member to support.
